

CALL FOR ABSTRACT

As part of the **1st International Congress on Innovations in Chemistry and Technology ICICT-2025**, which will be held on **November 18-19th, 2025** at **Setif-1 University, Algeria**, researchers, professors, and PhD students are invited to submit original scientific contributions related to the conference themes. Accepted contributions will be presented either as oral presentations or scientific posters during the conference.

Additionally, companies, startups, and industrial institutions are encouraged to participate by presenting their activities, projects, or innovative solutions related to the conference themes. Their contributions may take the form of technical presentations, exhibitions, or workshops, thus fostering dialogue and the development of collaborations between academia and industry.

ICICT-2025 aims to create a dynamic platform for exchange, collaboration, and the promotion of innovative technological solutions for sustainable development.
